

# Meeting Feedback Survey

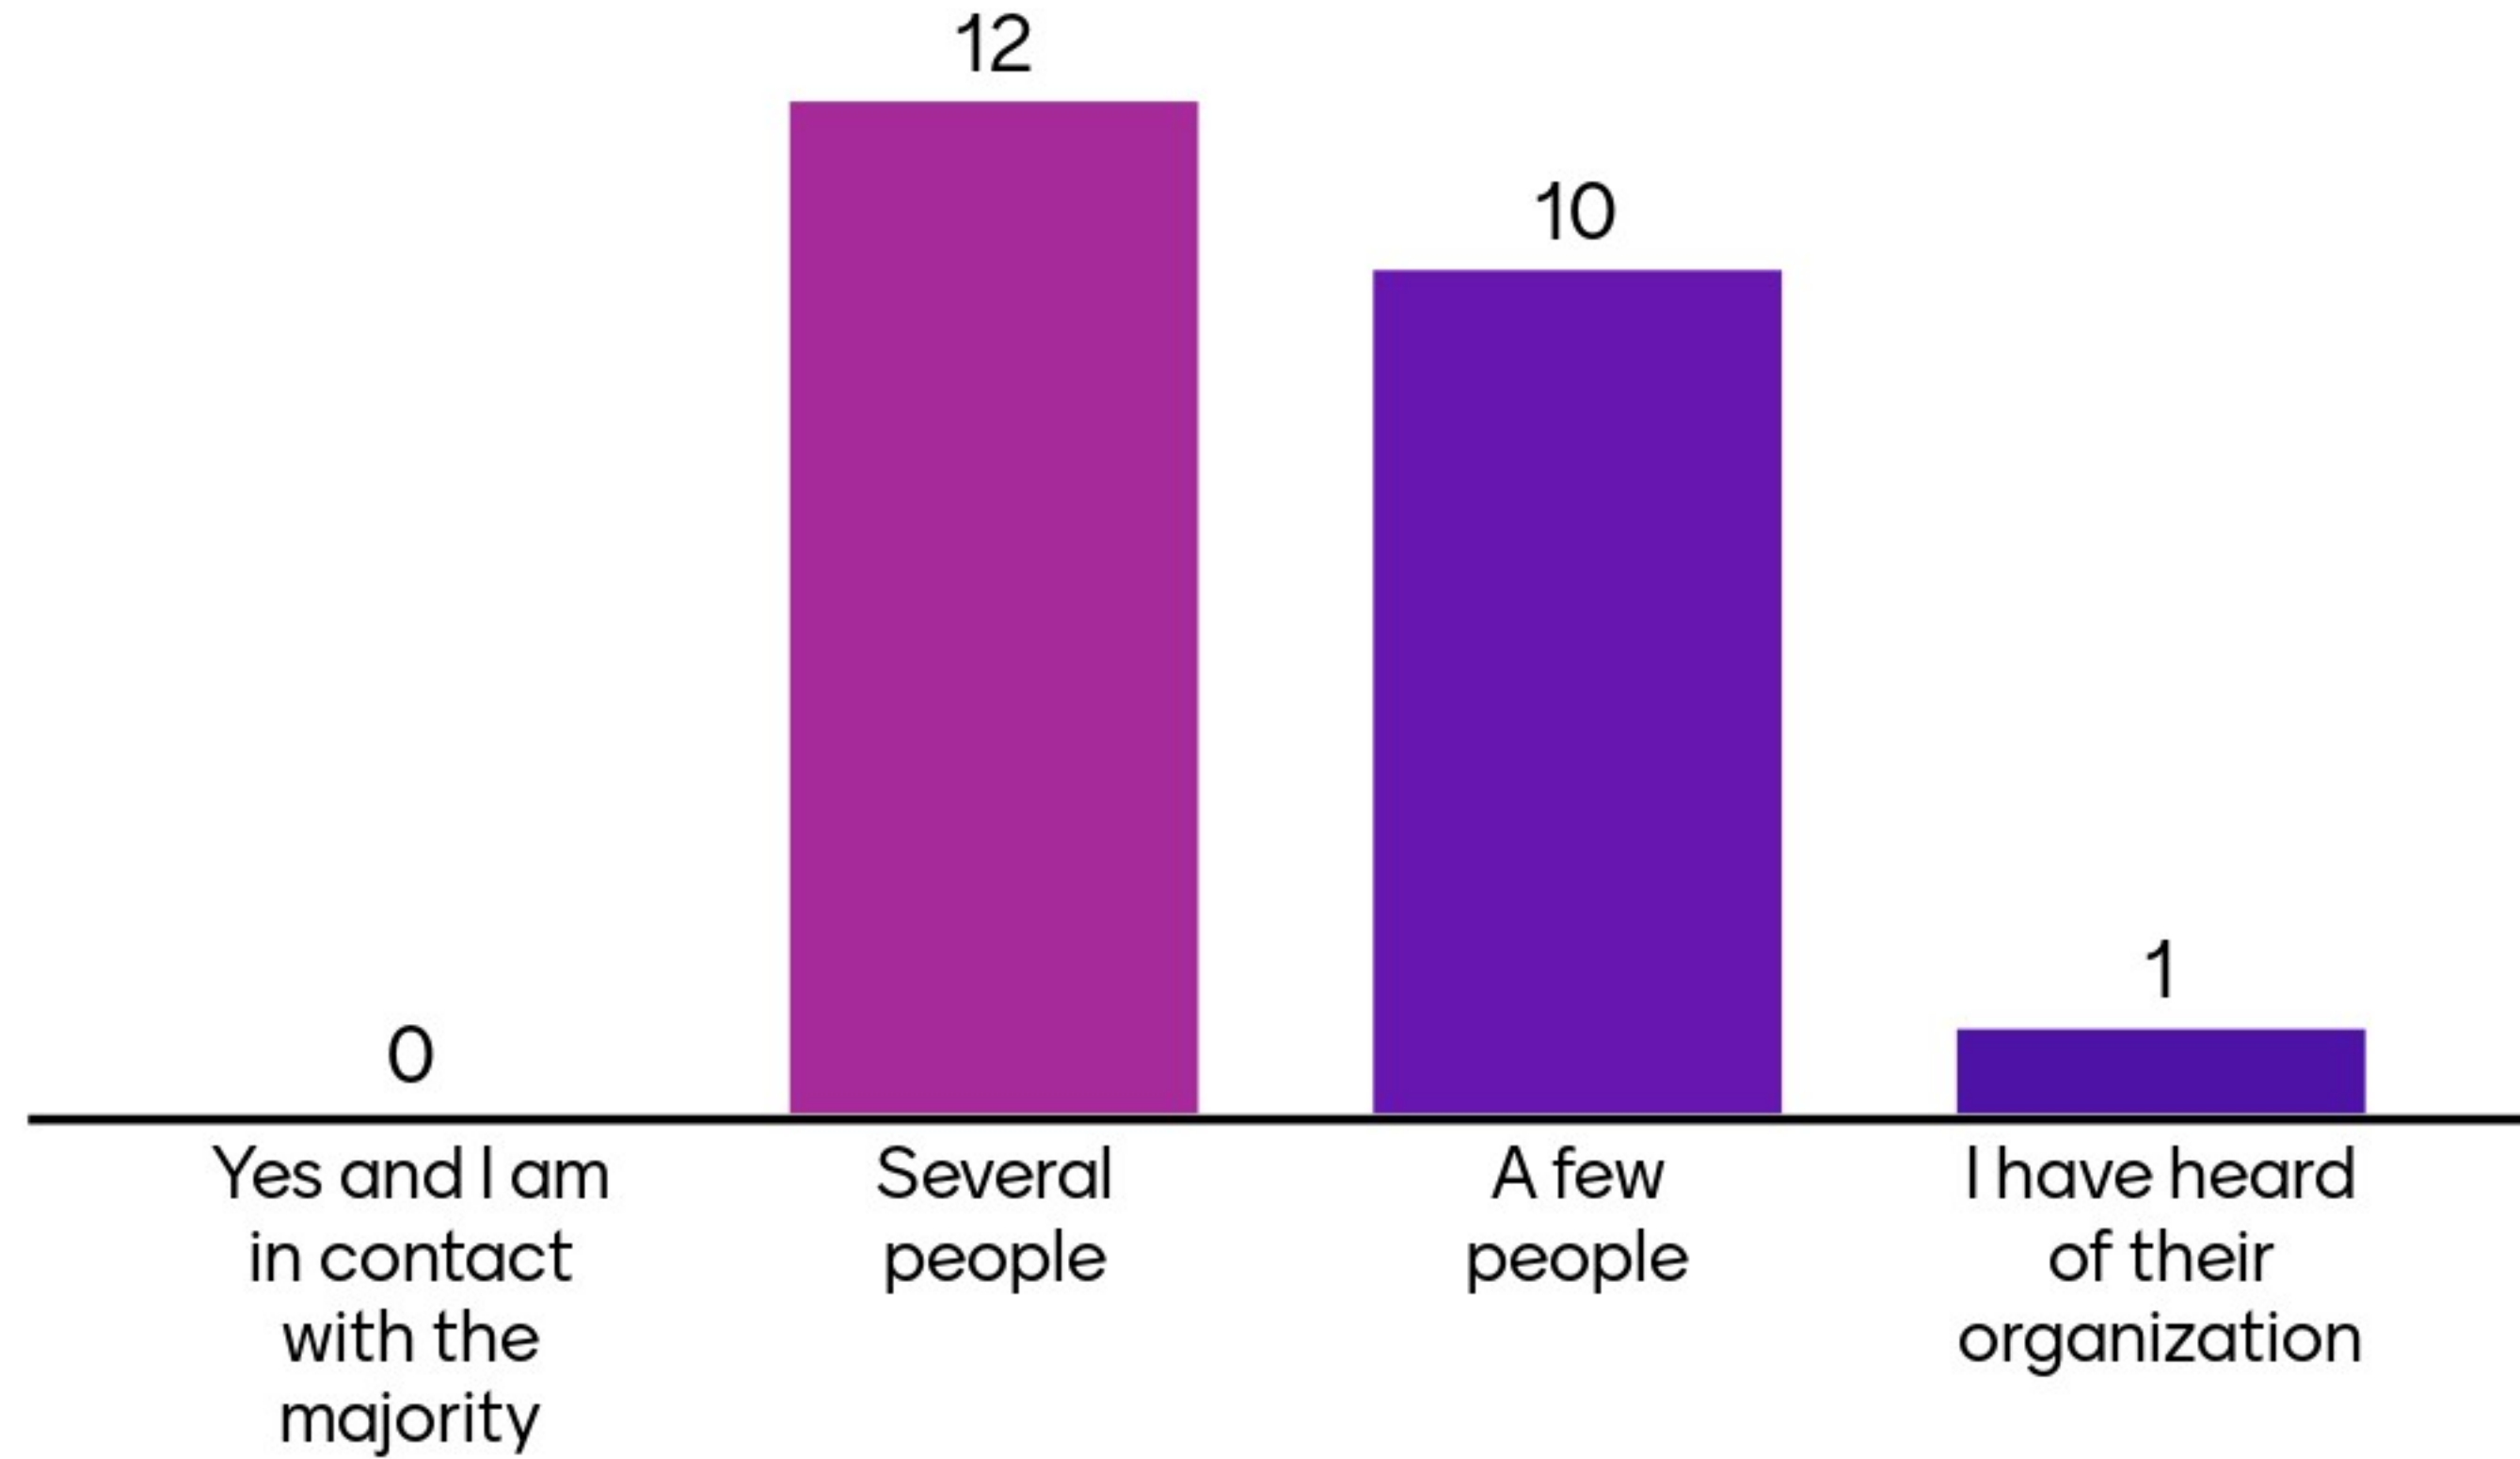

# Instructions

# In what part of the world do you work mostly?

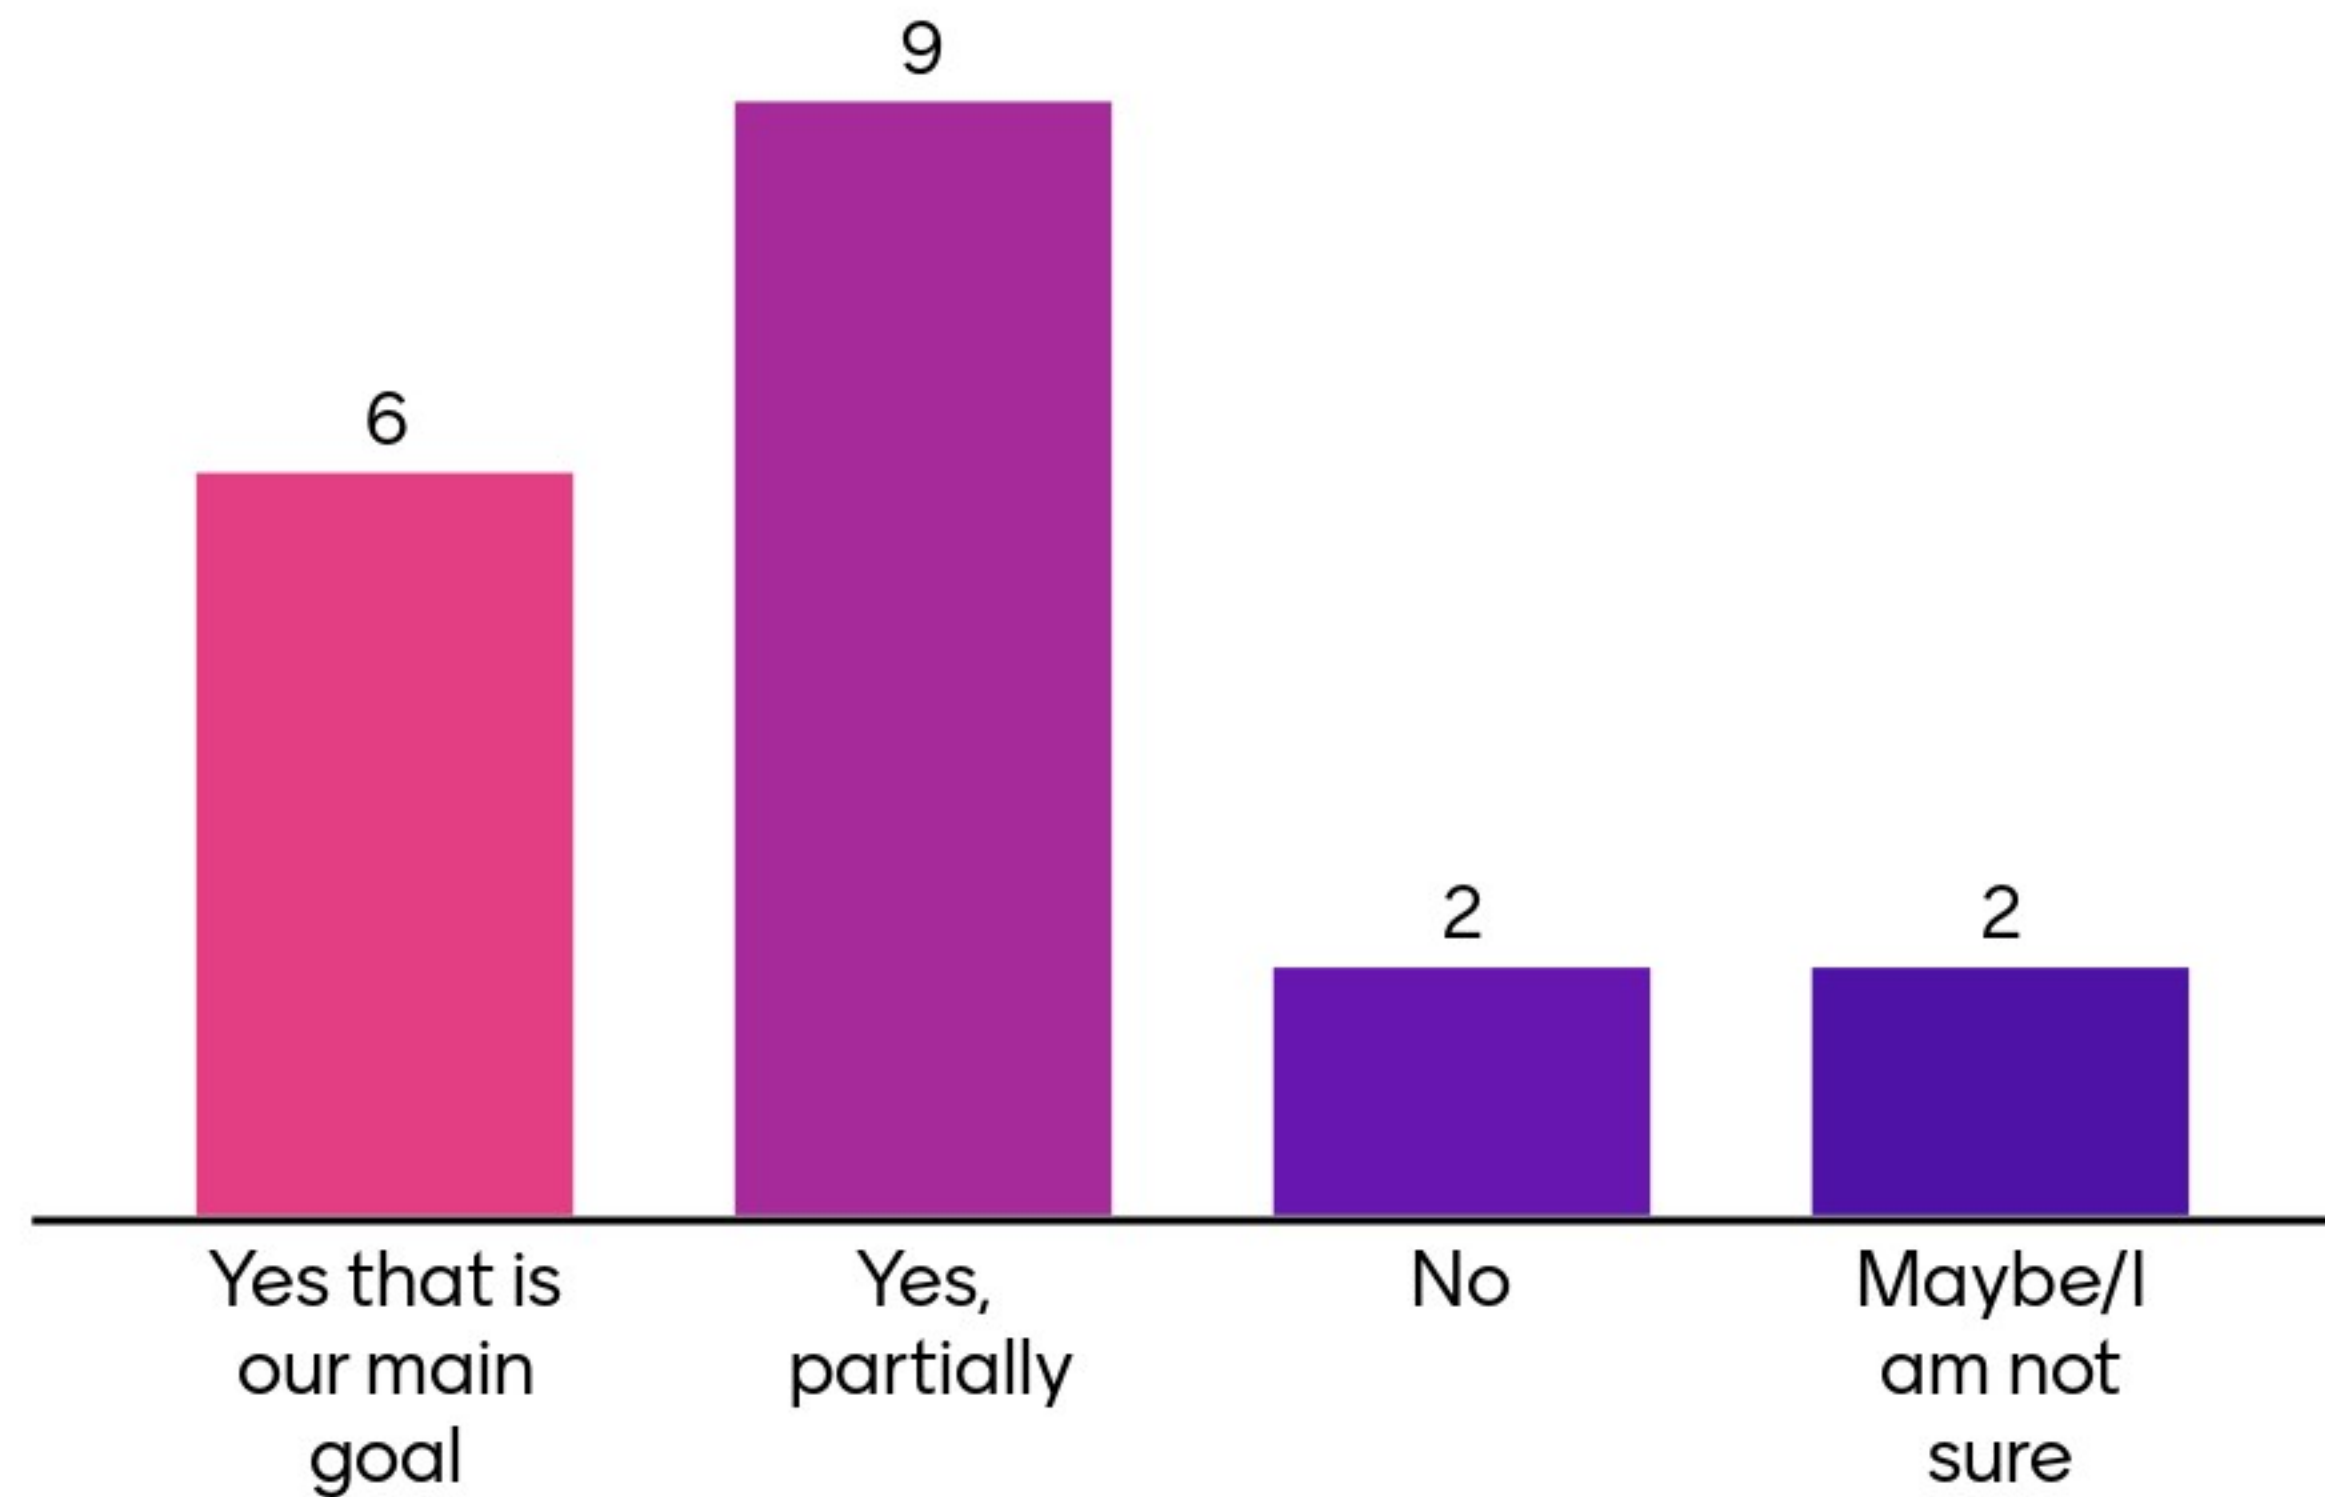

# Do you know anybody here?

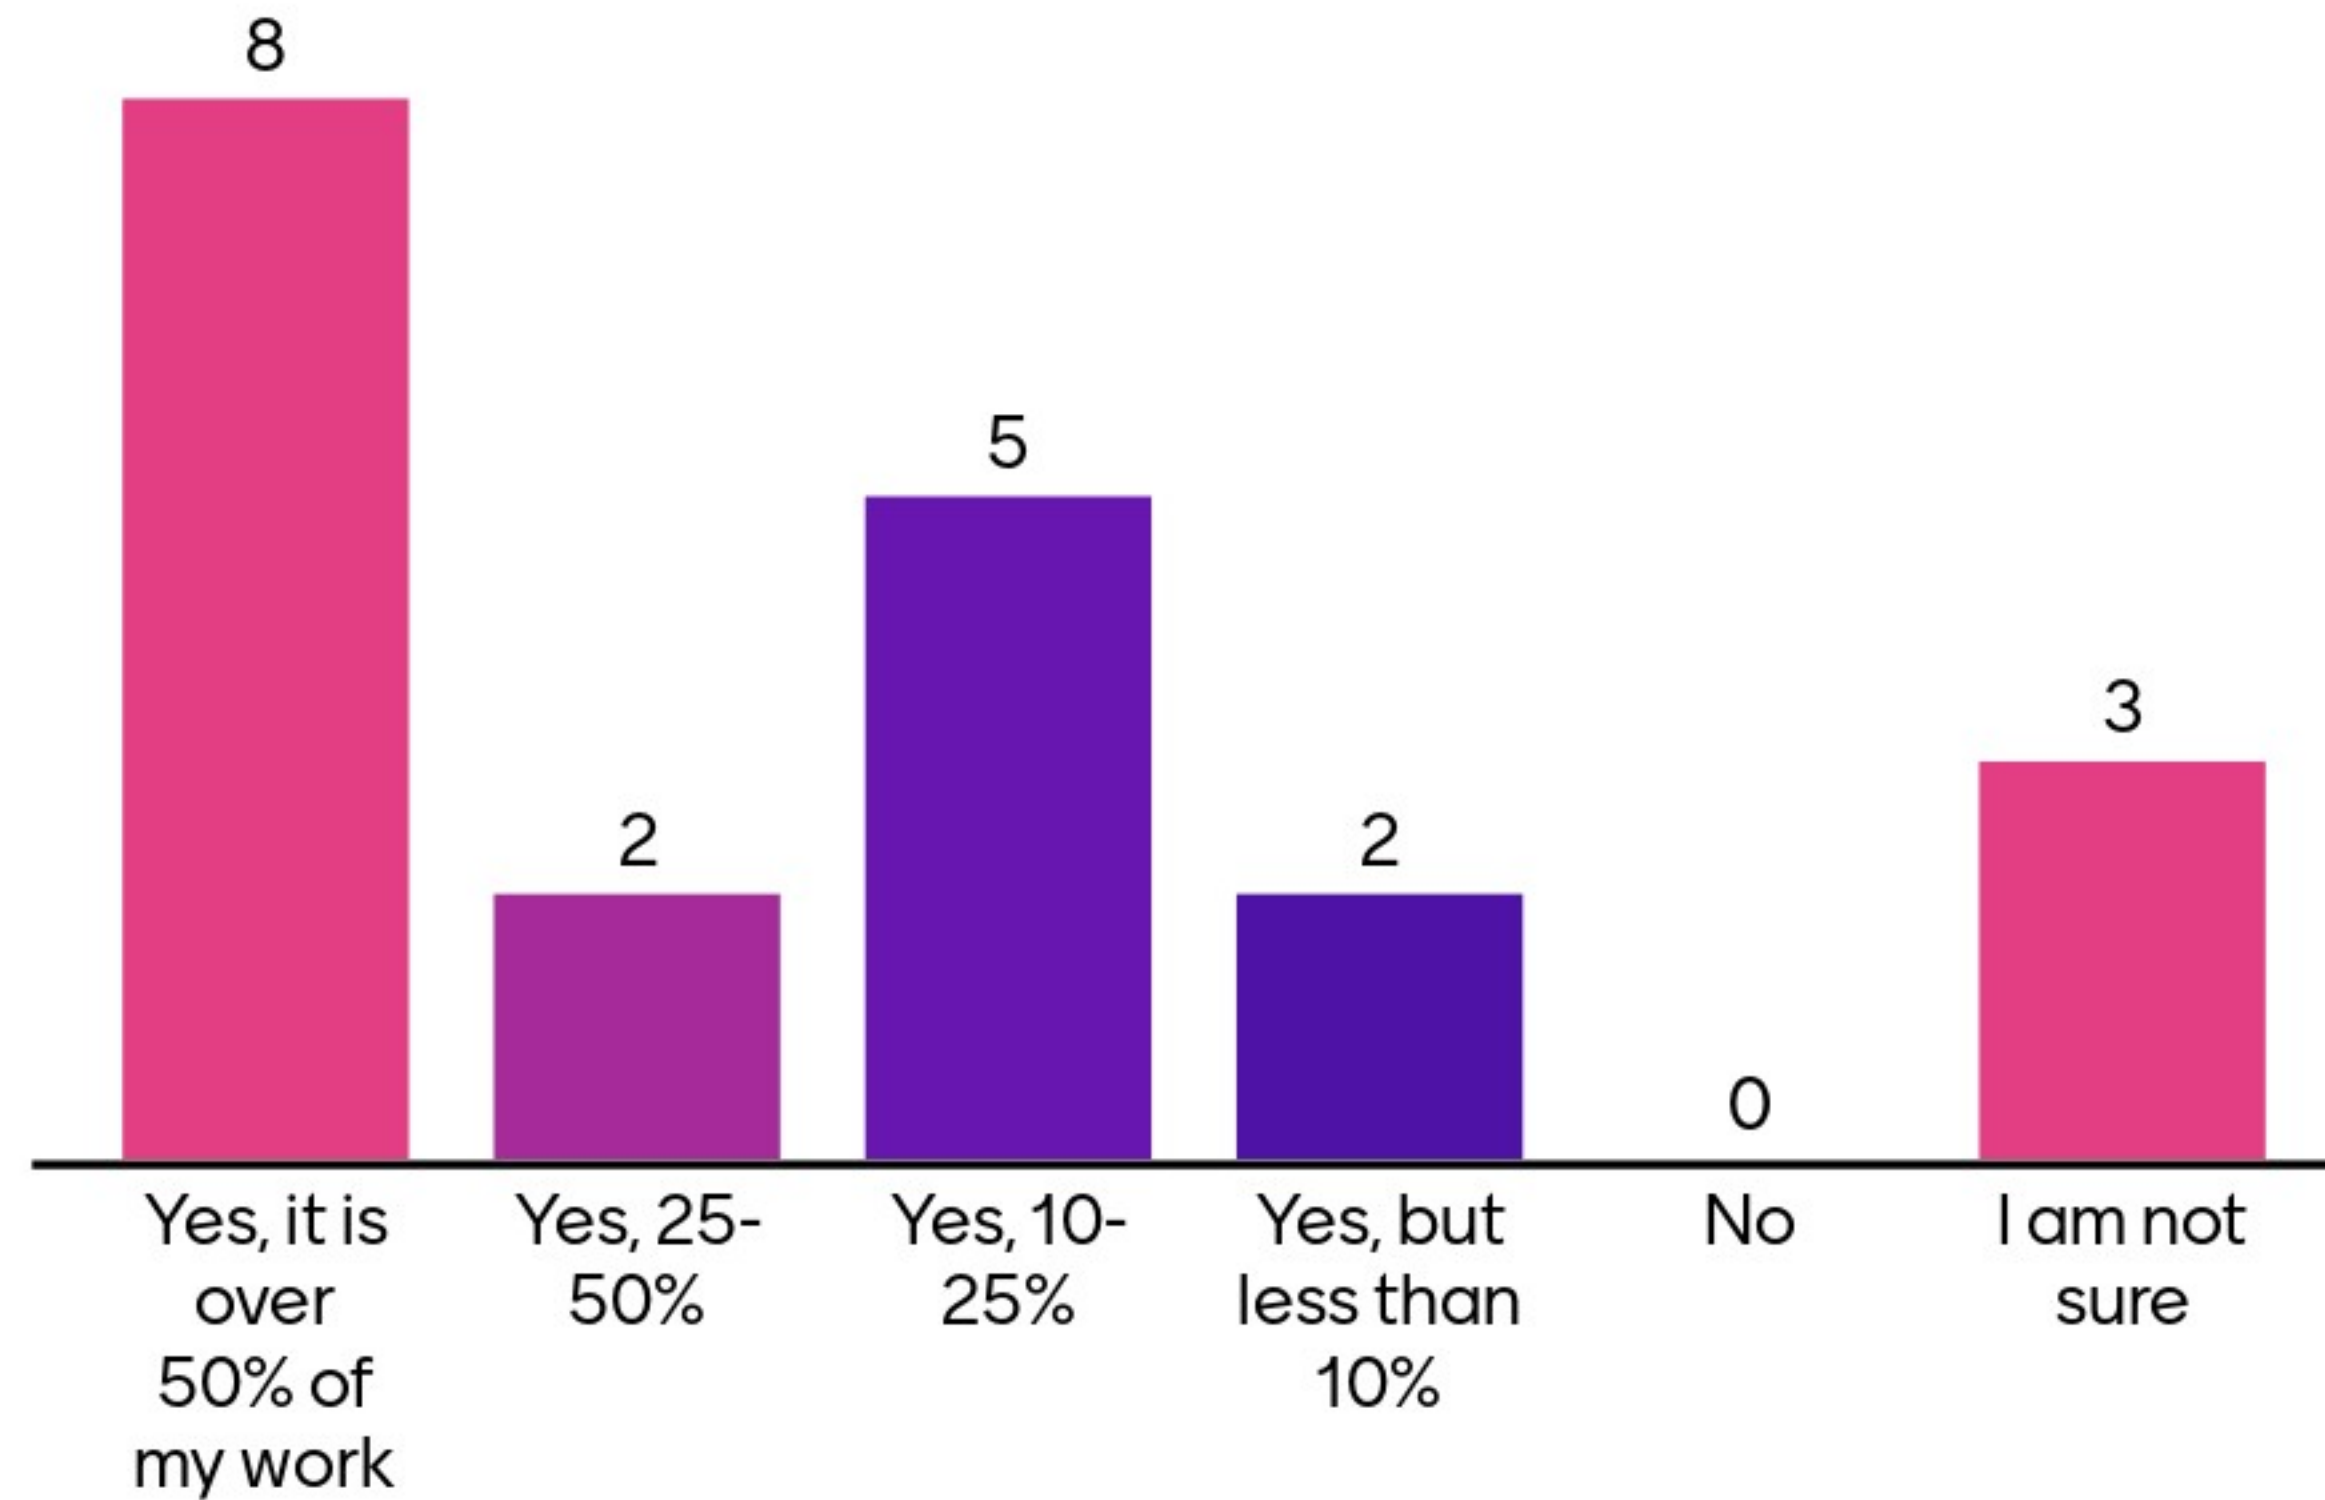

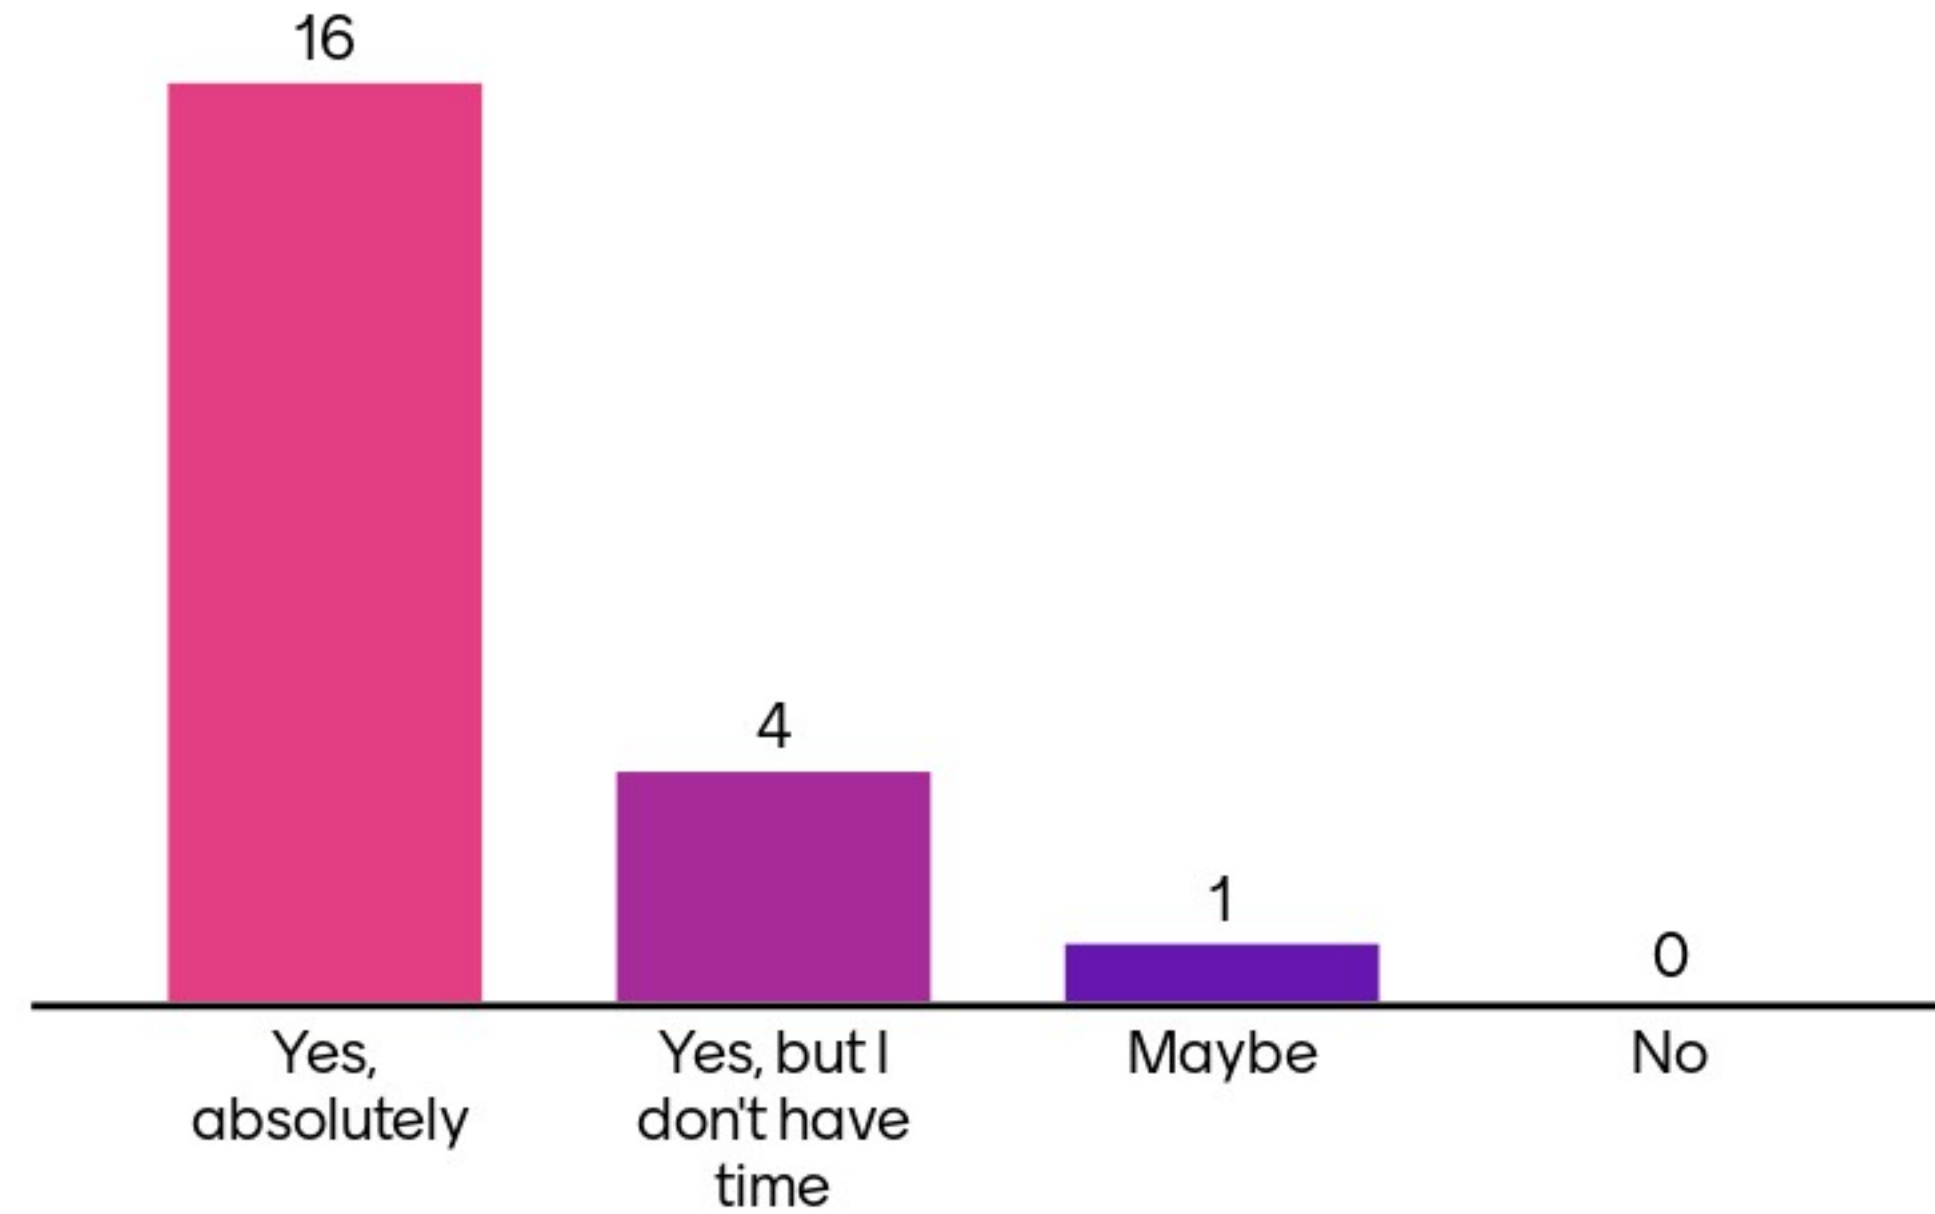

# Would you say your organization is a boundary organization? If so, to what degree?

# Are you personally involved in boundary management work? If so, how involved are you?

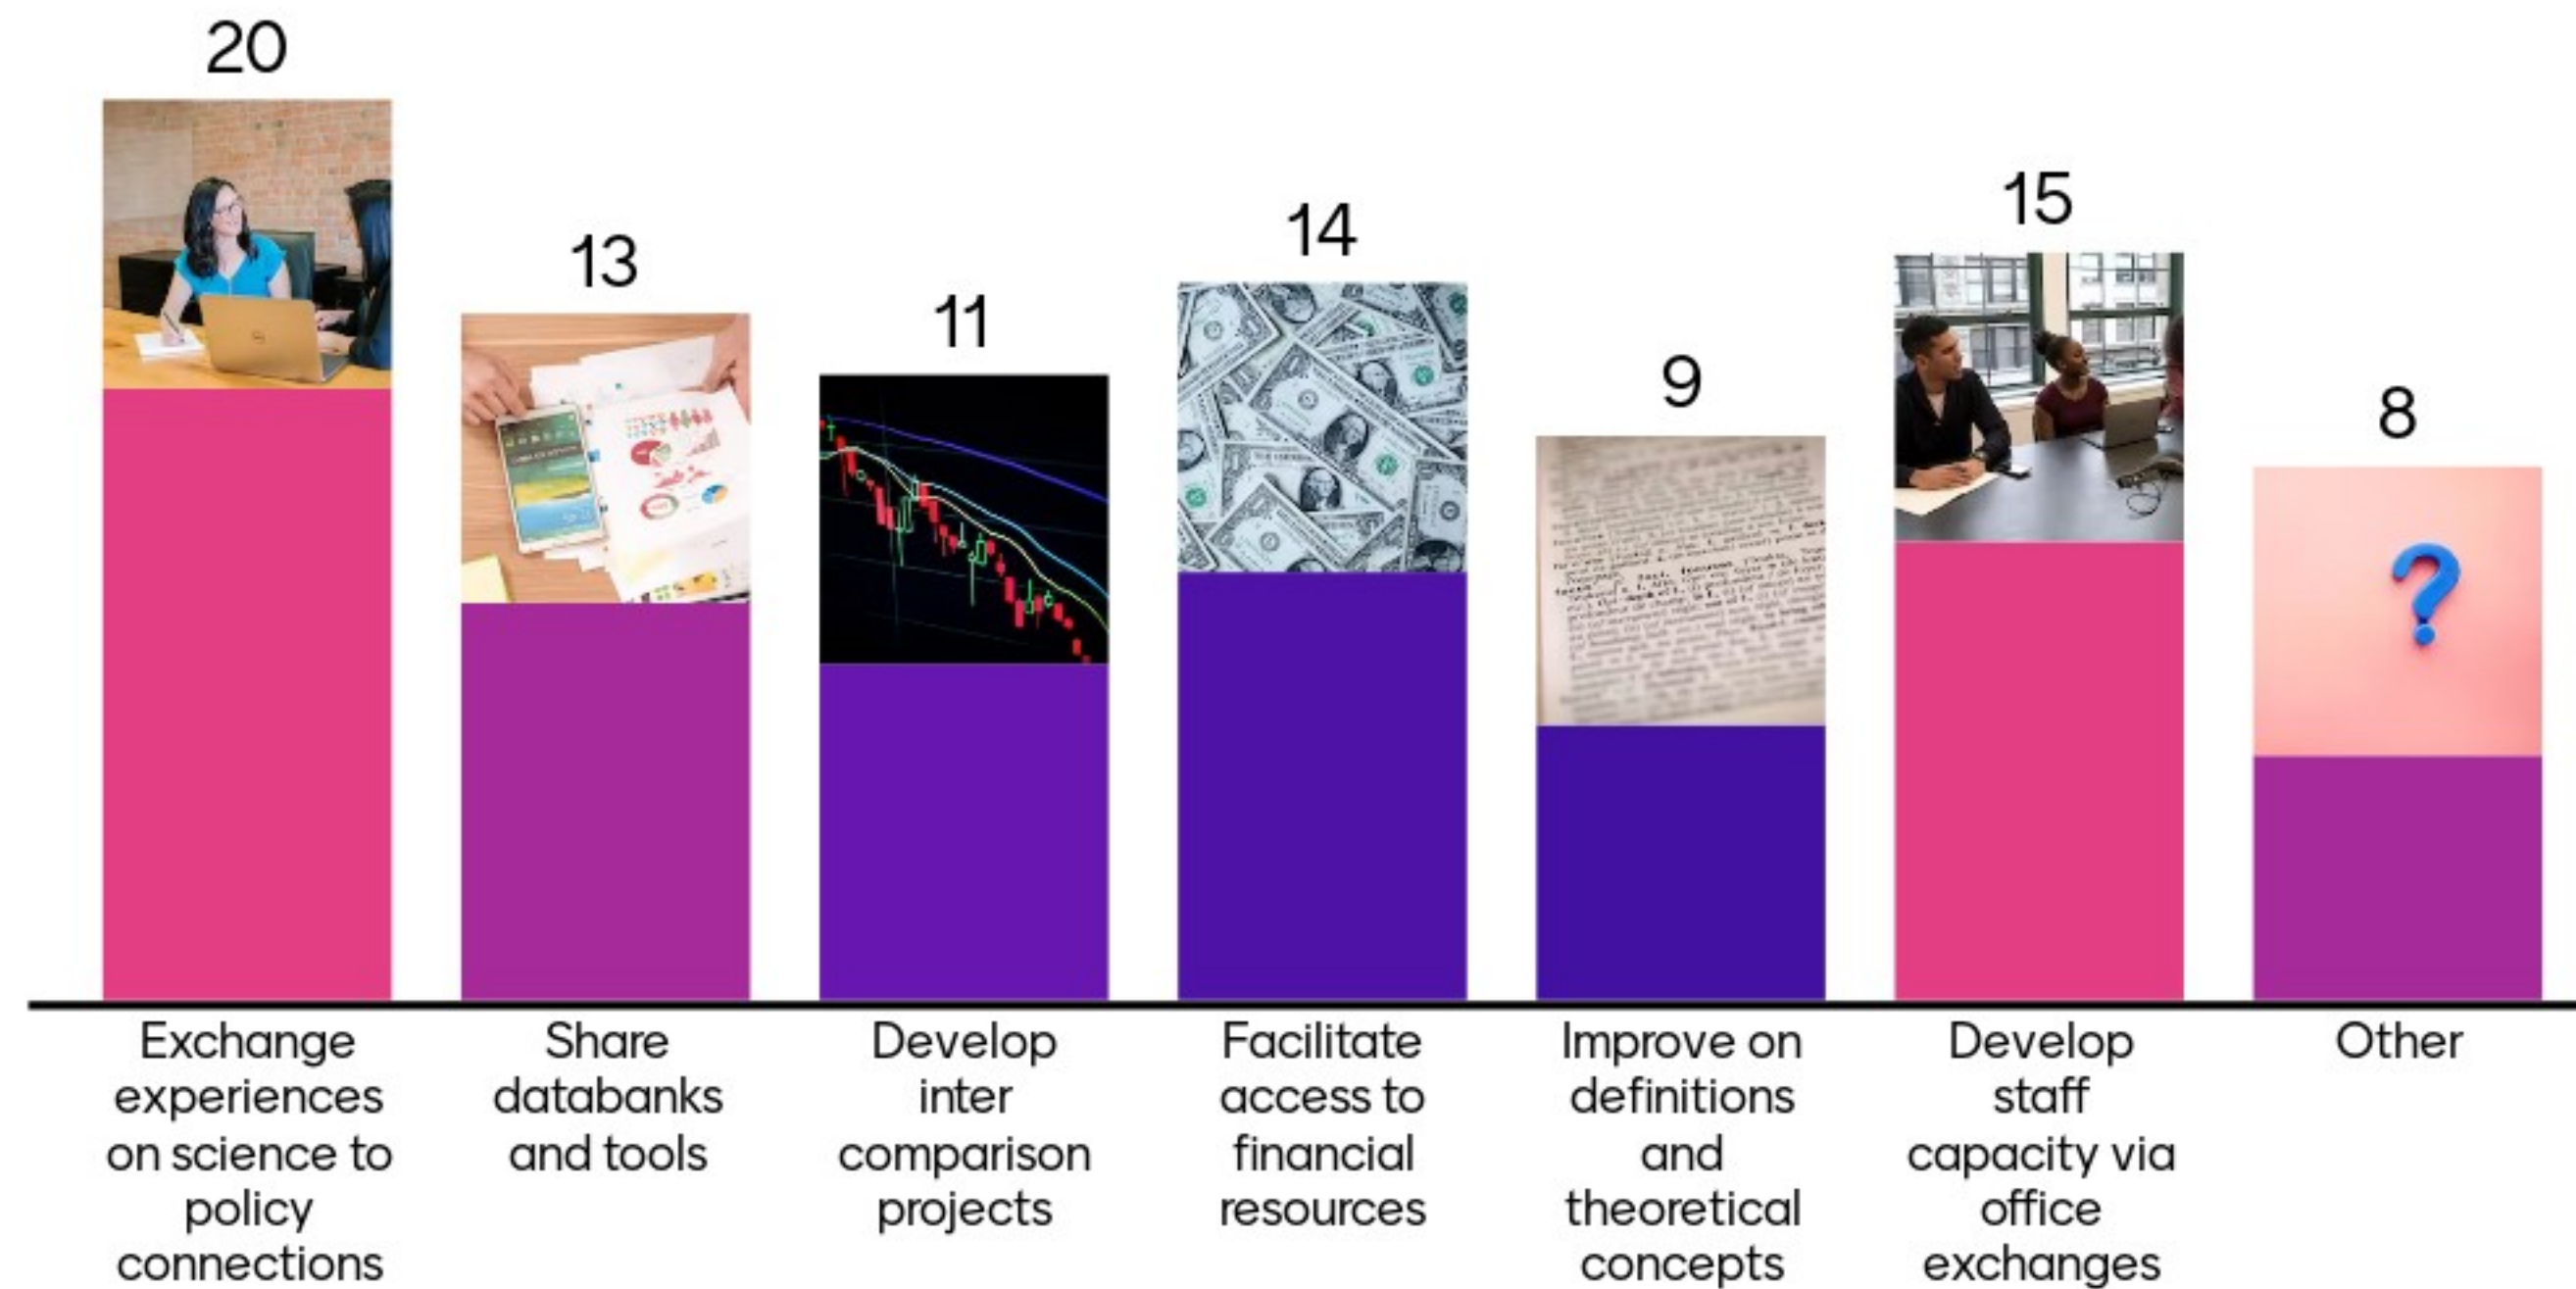

# Do you think there might be value in increasing collaboration between boundary organizations?

# What type of connections could the network stimulate between its members?

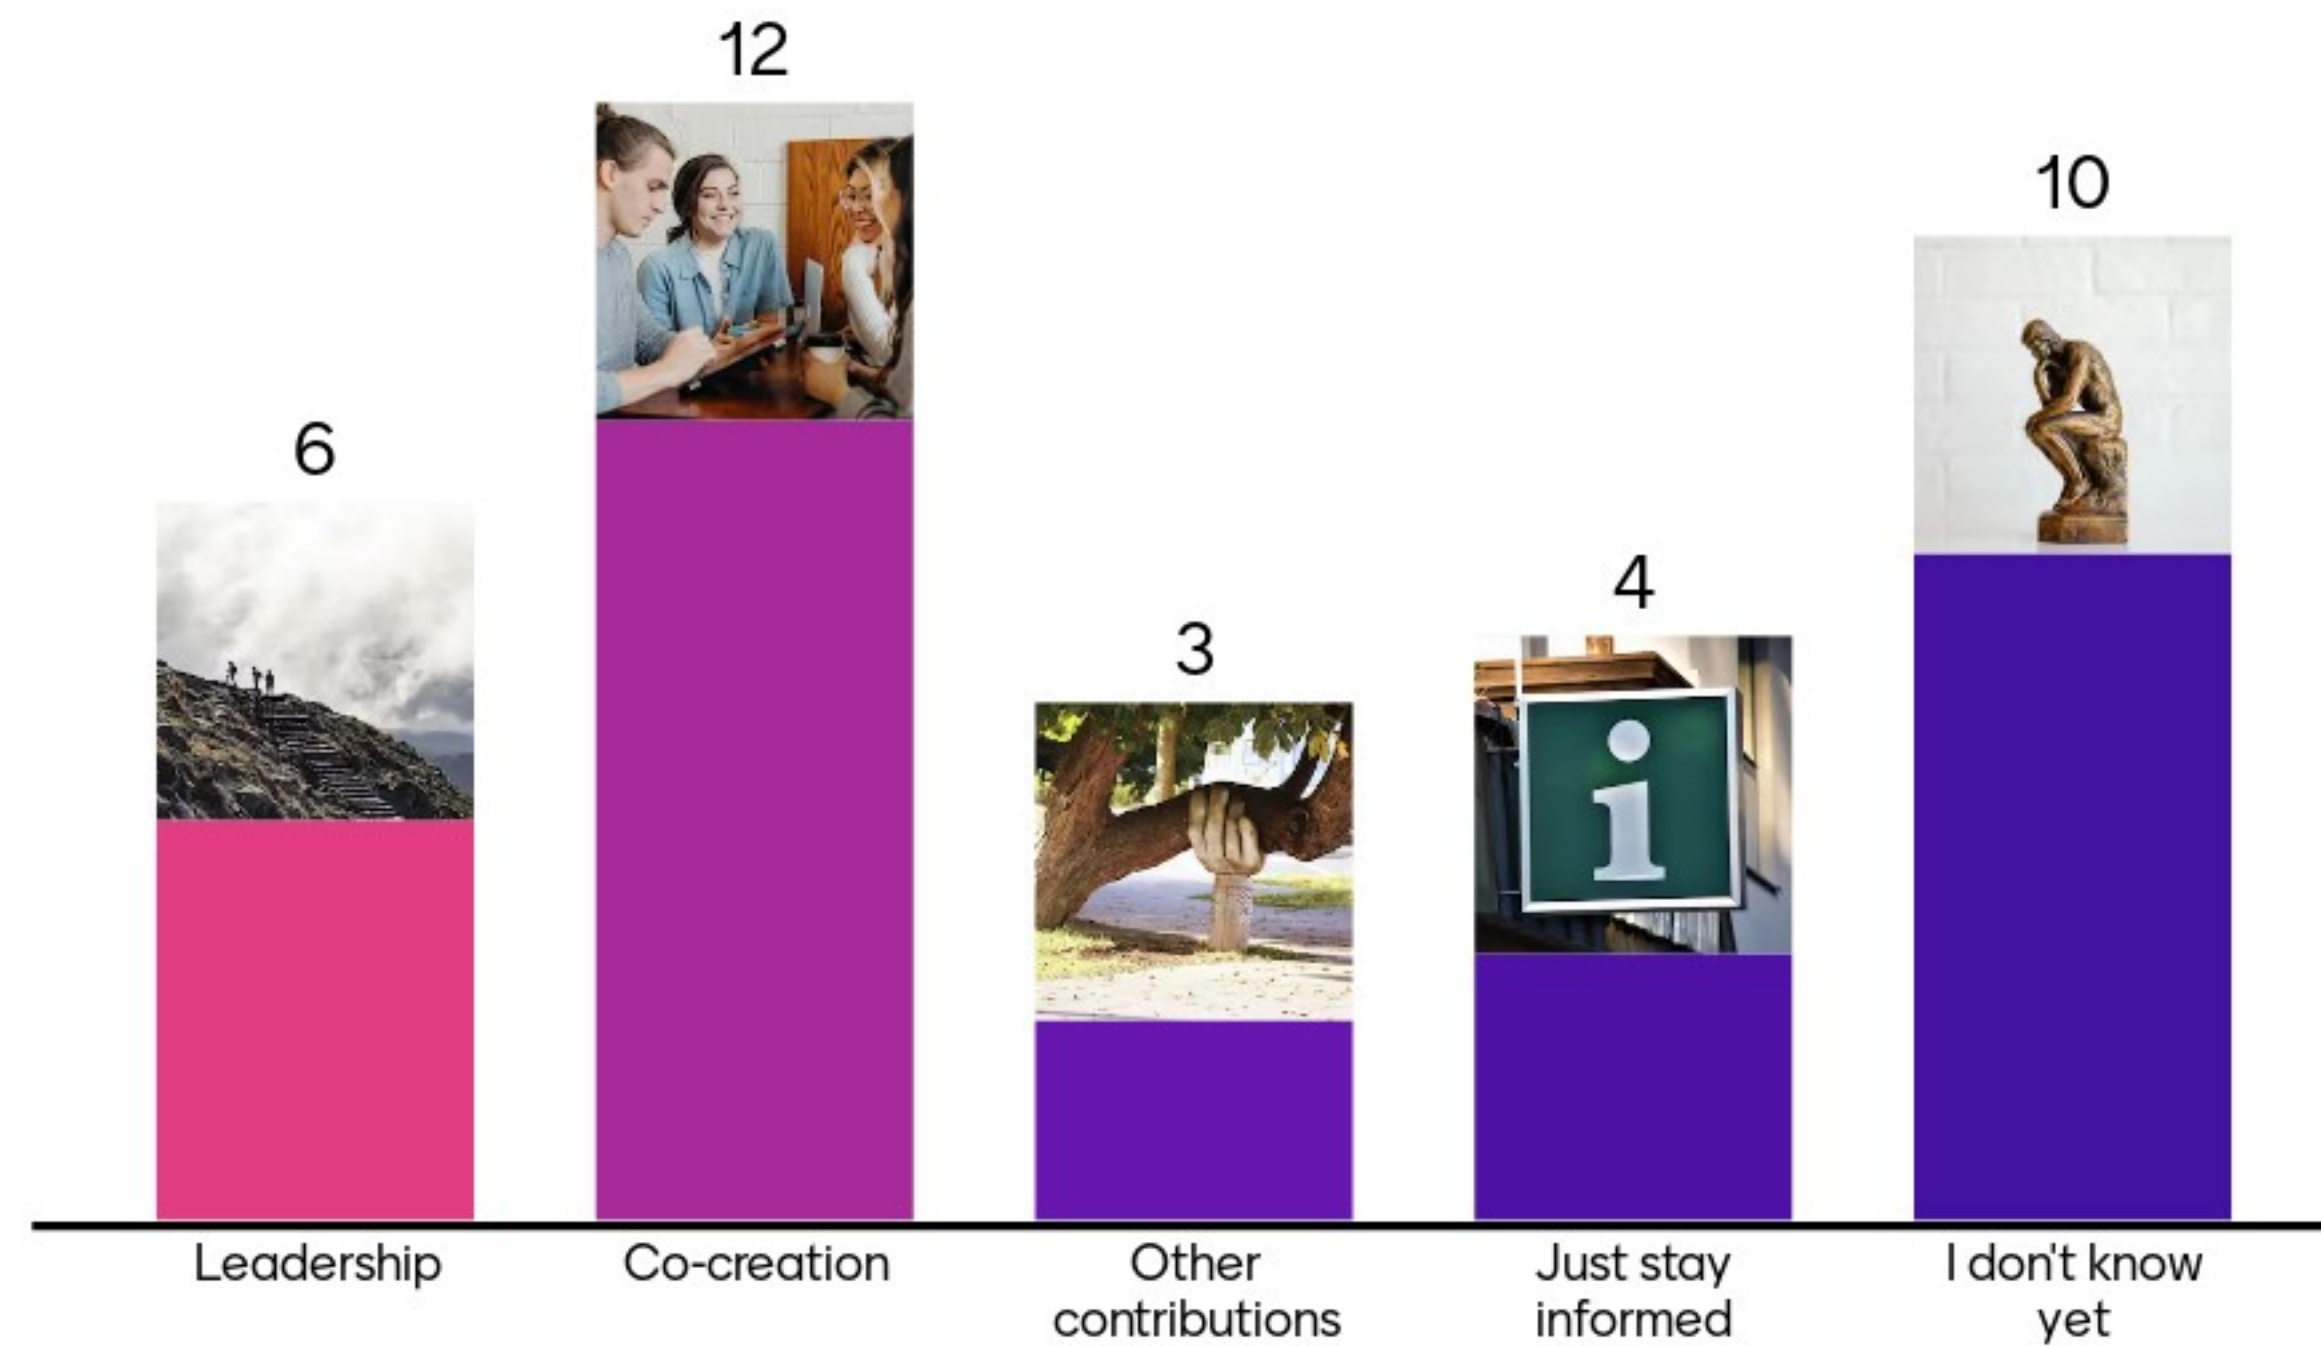

In one or two words, please give us examples of how a network of boundary organizations could add value.

60 responses

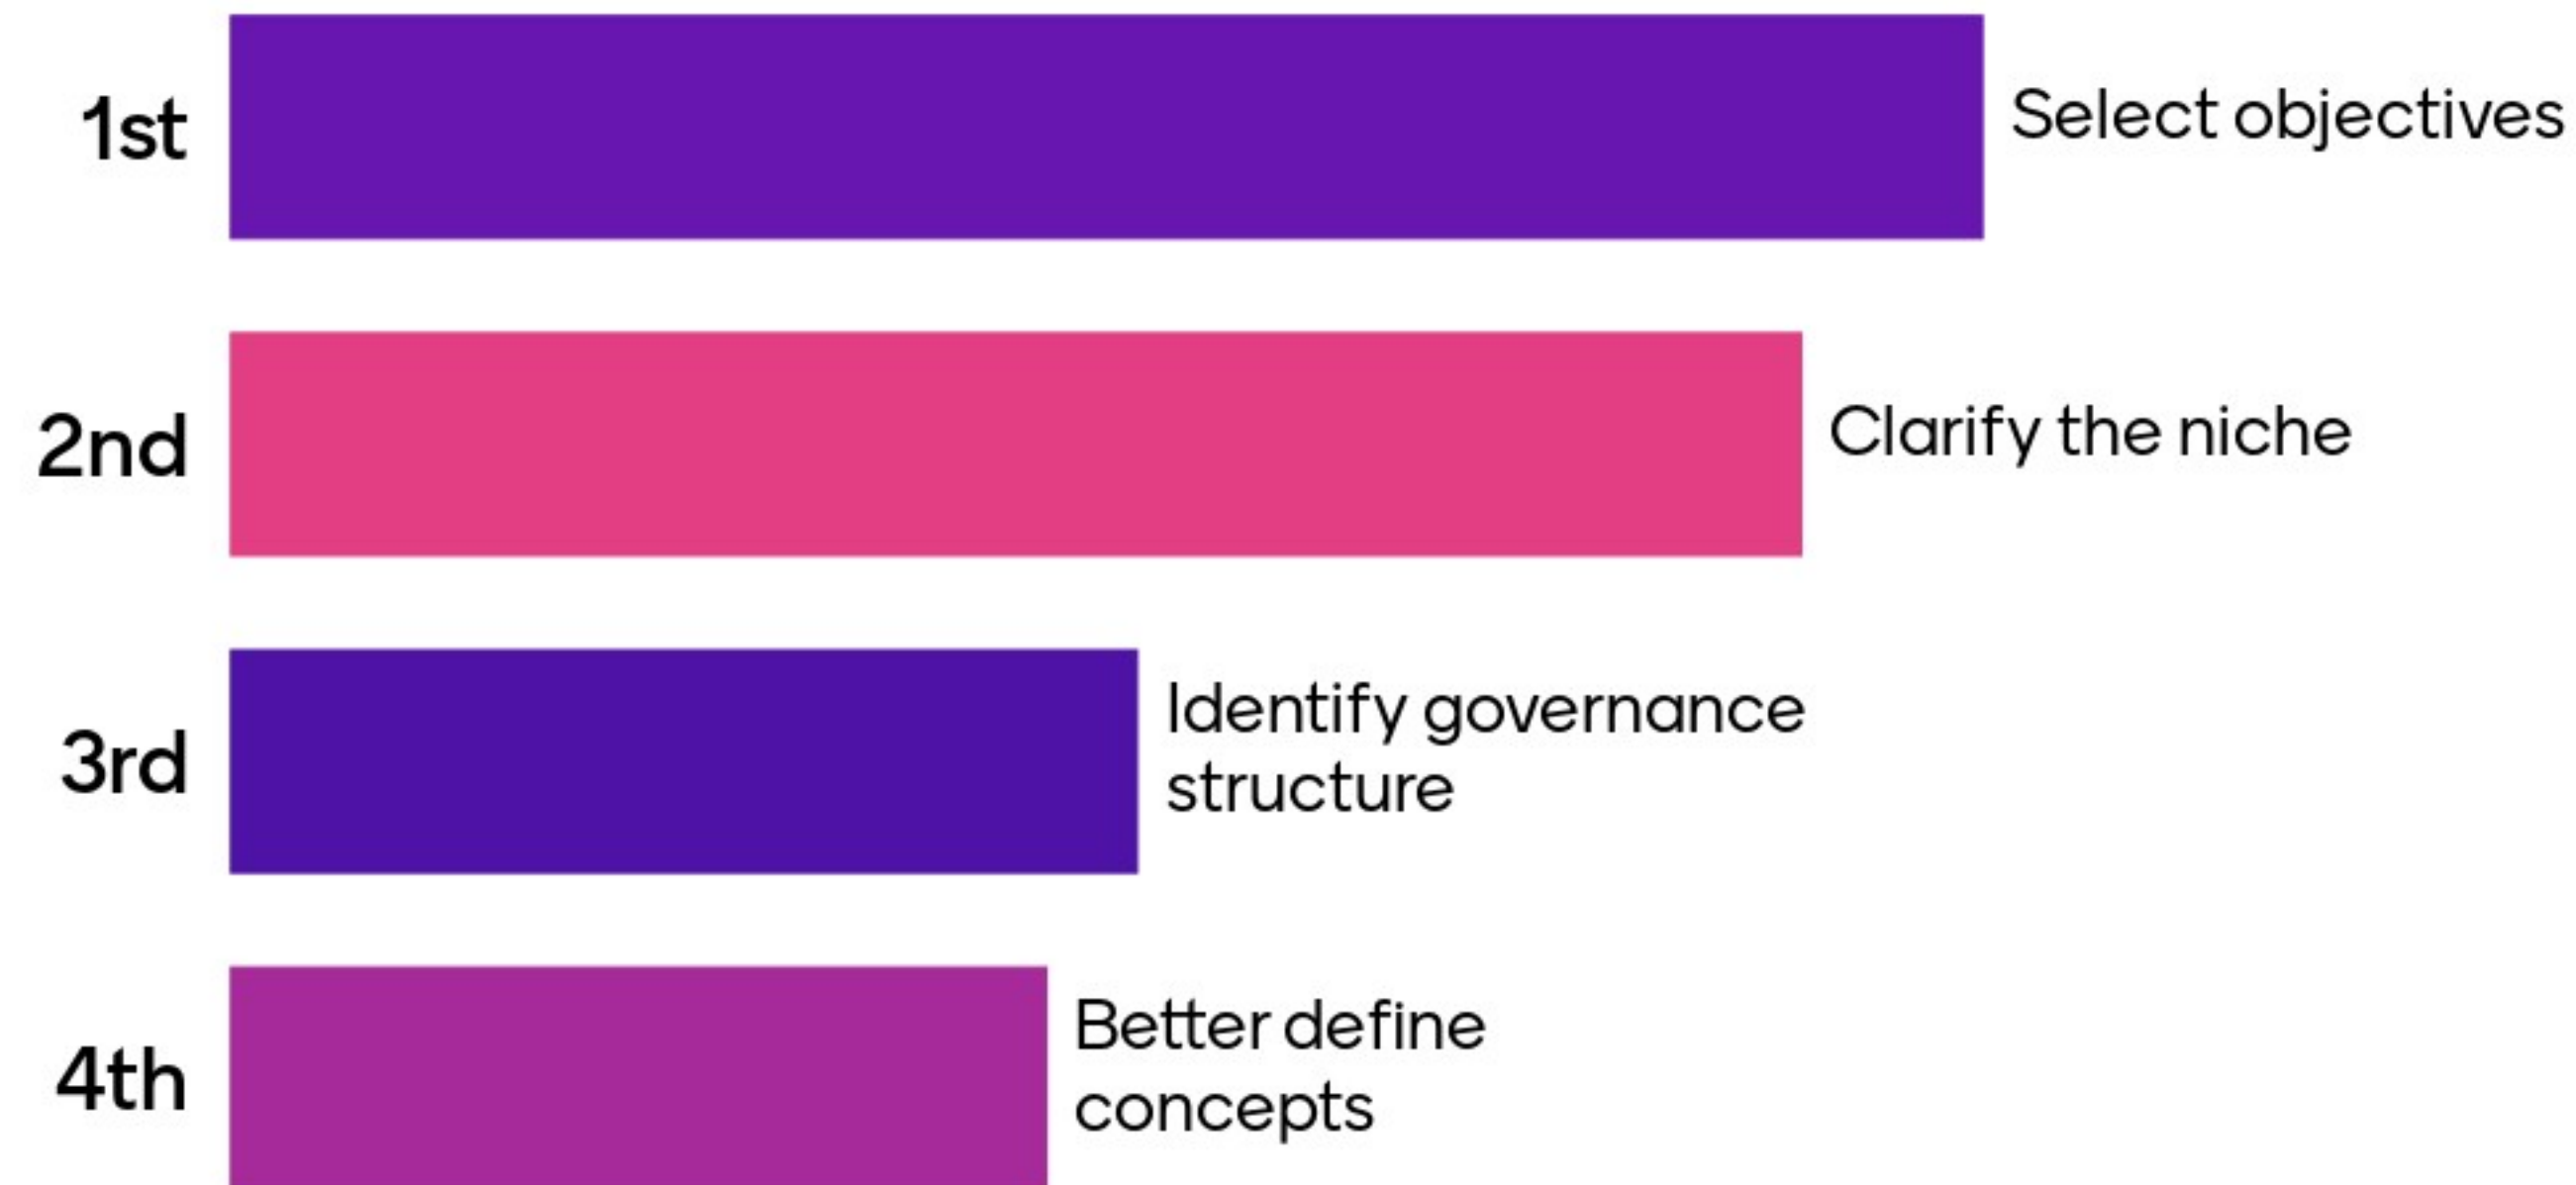

# What role would you be interested to play in a new network?

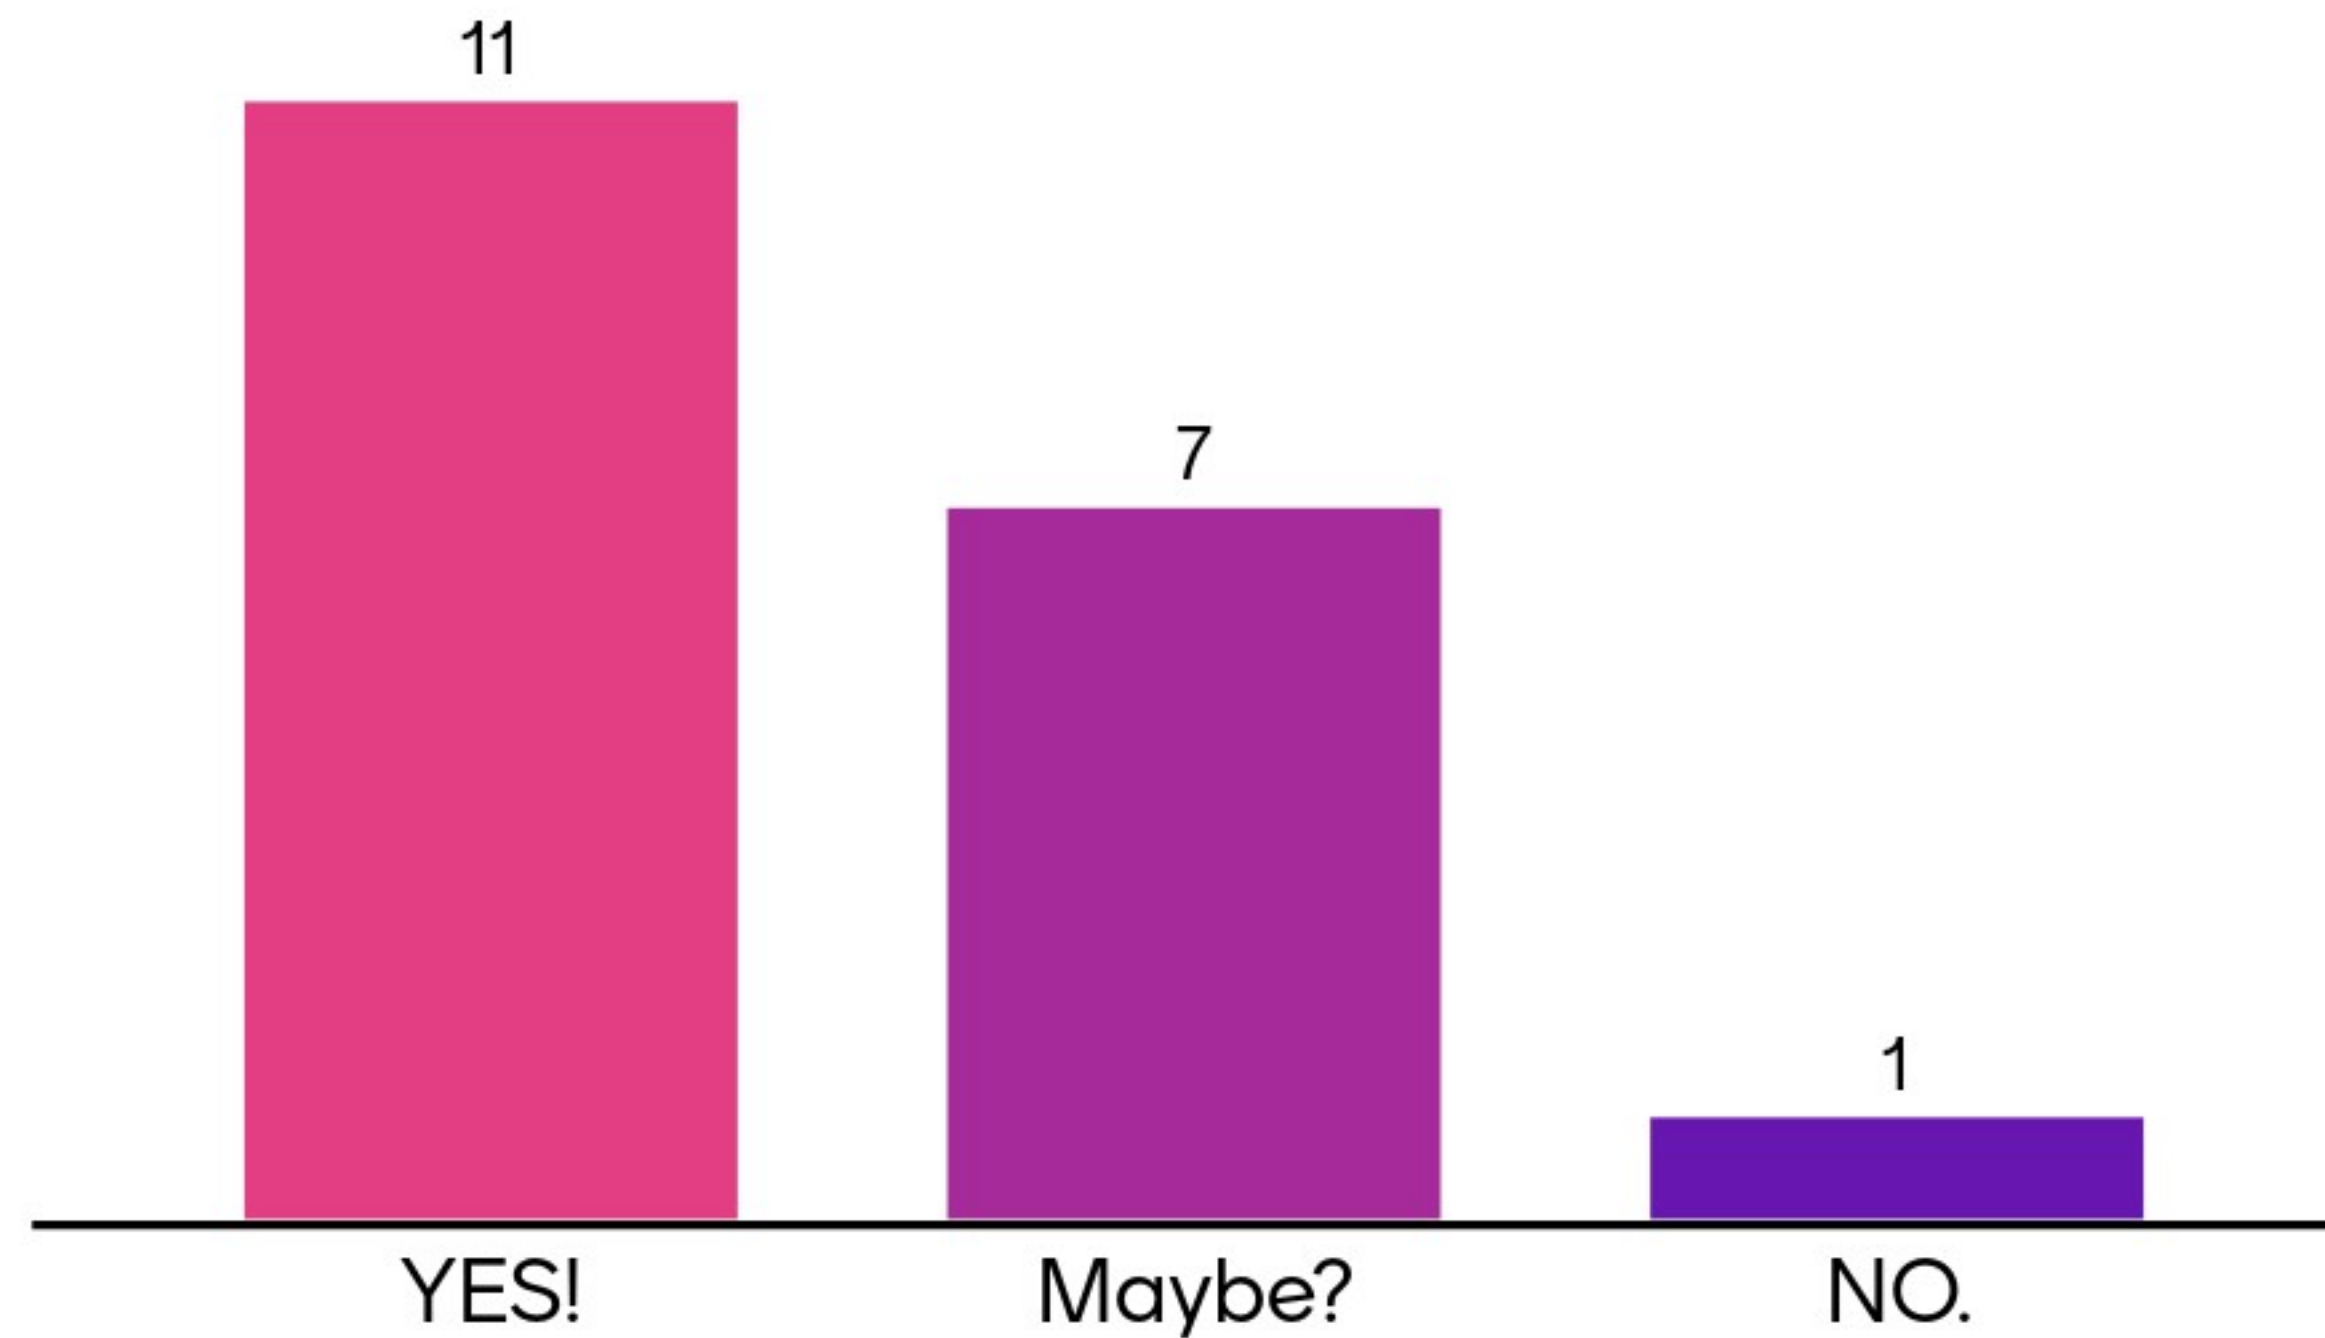

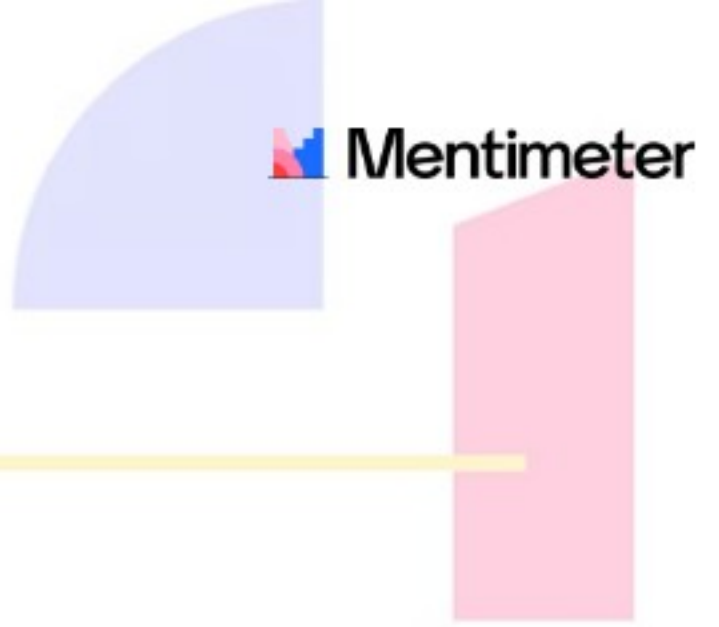

# What would be the topic that we need to work on as a priority before announcing the network?

If we announced the network at the next COP, would you be on board?

**Lets talk about it!**
